

REMARKS

The present amendment is submitted under 37 C.F.R. §1.312 in order to correct a minor typographical informality. Specifically, claim 1, line 10, has been amended in order to change "the gate electrode activating" to "the gate electrode after activating," which is consistent with claim 2. The amendment is believed to be needed for clarifying or correcting a minor obvious error and does not require a substantial amount of additional work on the part of the Office. The amendment does not add new matter and review and approval are respectfully requested. If the Examiner feels that any further discussions about this case would be beneficial, the Examiner is invited to contact the undersigned.

Should the Examiner believe that anything further would be desirable to place this application in better condition for allowance, the Examiner is invited to contact the undersigned attorney at the telephone number listed below.

The Commissioner is hereby authorized to charge fees under 37 C.F.R. §§ 1.16, 1.17, 1.20(a), 1.20(b), 1.20(c), and 1.20(d) (except the Issue Fee) which may be required now or hereafter, or credit any overpayment to Deposit Account No. 50-2280.

Respectfully submitted,
